

Product specification

Overview

- **Point to multi point, maximum 14 simultaneous connections**
- **50-100KB data rate (depending on Bluetooth of mobile phone)**
- **Support various types of file transferring such as image, animation, text, audio, video, game, java app and so on.**
- **Support USB flash drive updating**
- **Fanless and noiseless**
- **Support Bluetooth security certification**
- **Support Bluetooth data encryption**
- **Embed LINUX OS**
- **400M high performance processor**
- **Built-in 128MB flash memory**
- **3A@5V**
- **15 hours working time**
- **Dimension:13*7.5*1.5cm (P14)**
- **Diameter: 9.5cm, H:2.5cm (R14)**

Bluetooth Standard

- **Bluetooth 2.0 + EDR (enhanced data rate)**
- **Bluetooth Class 1, up to 100meters**
- **2.402G~2.480GHz Frequency**
- **Bluetooth stack**
- **LC, LM, L2CAP, SDP, RFCOMM, OBEX**
- **Bluetooth profiles**
- **Obex Push profile**
- **File Transport profile**

Software:

- **Support batch sending**
- **Windows based desktop software**
- **Complete detailed Success/Failure statistics**
- **Support lottery sending**
- **Control one or many Bluetooth Points**
- **Control days and hours to run campaigns**
- **Run with or without a network connection**
- **Plug and Play technology**
